NOTICE.

WATER PRIVILEGE FOR SALE.—The subscriber has a very convenient Water privilege, suitable for the situation of a Furnace, Forge or other water works. It is situated on Swan Creek, three and a half miles from Port Miami. The water may be taken from the subscribers mill pond, at a trifling cost, and with perfect security from damage by the freshets. In the distance of two or three miles there are inexhaustible beds of iron ore of the first quality, and the country being very level presents no obstruction to the building of a road in any direction with very little expense. The ore lies in beds, near the top of the ground, and has been judged to be of the richness of sixty per cent. The subscriber will give great encouragement to any person or persons who will undertake and carry on the above business, and will take an interest in the works, or sell the situation. This improvement is greatly needed in this country, and might be made immediately and immensely profitable.

For further particulars, inquire of the subscriber in Miami city.

MEDICINES.

THE subscribers, living in the new building, between the Commercial buildings and the Washington House, have for sale, on consignment, the following medicines, to wit: **H. Eastman's Pulmonary Balm,** for diseases of the Lungs and Breast.

It is a melancholy fact that Consumption constitutes a large portion of our bills of mortality, and forms one of the most crowded avenues to the tomb. The principal cause of the mortality of this formidable disease may be attributed to the peculiar character of its primary symptoms. In its first stages, the patient is seldom aware of the alarming disease that is fastening upon him; consequently no remedial aid is sought until it is too late. Its promontory symptoms appear trifling, hence they are disregarded until in their more full development the victim is alarmed, and struggles in vain to elude the fatal grasp. The first symptoms that should be taken as a warning are the following, viz:

A short dry cough without much expectation, except a frothy mucus; an uneasiness about the chest, or a sense of pain when lying on the side; a pain under the breast bone; respiration is oppressed by the least extra bodily exertion, and particularly in warm rooms, or in moist weather; mental excitement and depression, alternately; spitting of blood is also a warning symptom of approaching Consumption. Colds frequently engender this disease; the alarming symptom, in this case, is the continuation of the cough accompanied with some of the above symptoms, any of which may be observed perhaps for months before the patient will acknowledge that he is so ill as to require attention. When indeed this is the most critical period, and if relief is not soon found, the cough increases and is more troublesome and severe, particularly at night; the expectoration more copious, of a greenish color, sometimes tinged with blood; the laborious breathing and emaciation continue to increase; the hectic flush is soon seen in the pale cheek accompanied by night sweats, &c.; the closing scene is too well known.

For this formidable disease the Pulmonary Balm is prepared and offered to the afflicted, in connection with my Elixir of Health and Embrocation. The Balm possesses the requisite properties for healing and restoring the lungs to a healthy state; while the Elixir tends to produce, invigorate and maintain a healthy action in the whole system, purifying the blood and preparing the system so that nature, by the aid of the Balm and Embrocation, may carry on and effect the healing process. It is a well known fact that a wound, sore or ulcer cannot easily be healed or cured without keeping the system in good order and a healthy condition; hence the failure of all cough medicine for the cure of the Consumption cough, this cough being only a symptom of a diseased state of the lungs, can only be permanently removed as they are restored to a sound state. No one medicine can be relied upon in a diseased state of the lungs; but the above medicines, viz H. Eastman's Pulmonary Balm, Elixir of Health and Embrocation have succeeded even in the apparent last stages of the Consumption.

Prepared and sold by H. EASTMAN, Druggist, Zanesville, Ohio; where may be had in addition to a general assortment of Drugs & Medicines, the following valuable and highly important Medicines, viz. Natures Assistant, or the Female's Own Medicine, for obstructions, &c.; Nerve Cordial, a valuable medicine for nervous debility, weakness, &c.; Specific Embrocation, for sprains, Complaints, Consumption, &c.

ZANESVILLE, Sept. 25, 1838.

Messrs. O. Williams & Co.

GENTLEMEN:—Having sent you a quantity of my **ELIXIR OF HEALTH** for sale, and presuming that its virtues are not fully known in your section of country, I have deemed it proper to afford you the necessary information. This is a medicine of my own devising, under a belief that medicine can only be serviceable as it assists the efforts of nature, whose efforts are always exerted to rid the system of whatever is injurious, and to maintain a healthy action in those organs which are the prime regulators of the whole system, and this she would always accomplish, except overpowered by some deleterious agent taken into the system. Its action is upon the stomach, liver, and digestive organs generally; upon the proper state and action of which, a healthy condition of the system mainly depends. In its operation it removes all obstructions, carries off all morbid bile, and other vitiated matter, gives tone and energy to all the digestive powers, and enables each to perform its proper office; hence it must be perceived that it is adapted to remove the great variety of diseases which proceed from a derangement of these organs. The following are some of the symptoms and diseases incident to these derangements, and for which the elixir has proved most signally efficacious: Loss of appetite, debility, lassitude or sense of weariness, nausea, oppression from food, flatulency, acid stomach, cardialgy or heart burn, unpleasant taste in the mouth, pains in the head, back, side, shoulders or limbs, sick head ache, costiveness or the reverse, depression, melancholy, disturbed sleep, cold hands and feet, bilious habit, night sweats, pale sallow countenance, dyspepsia and liver complaints, &c. It has proved most signally efficacious in raising the system from the torpor and general prostration which ague and fever, and other marsh fevers so frequently produce. For delicate females and children, it is incomparable. For coughs originated in the sympathy of the lungs, with a diseased stomach or liver, it has been uniformly efficacious. Many persons supposed to have been in a decline or consumption, have been restored by its use, restoring bloom to the pale and sickly cheek, and plumpness to the meagre.

From the nature of its operation and effects, it was supposed it might prove a preventive of bilious and other fevers, and as such it has been extensively used in some of our most sickly sections with apparent success. Thousands of families have adopted it as their family medicine, and many consider it a Panacea. They believe with me, that by a timely and proper use of the Elixir, that healthful action of the system will be kept up, which will effectually repel all those deleterious agents which cause fevers and many other diseases.

Since visiting your place and becoming acquainted with the character of its diseases, I am fully satisfied that my Elixir is admirably adapted to their case, and by a timely use to their prevention in some measure, and I shall be much disappointed not to hear of such results. Of any bad effects I entertain no fears, it is entirely botanical, and has been and may be taken in all ages and both sexes, in every condition with the happiest results. For particulars and testimonials, see bill on the medicine. Hoping that it may prove among you as great a blessing to the afflicted as it has in other places.

I am, Gentlemen, yours truly,
H. EASTMAN.

P. S. The public are cautioned against a spurious article of this medicine which is in circulation; the genuine has my written signature affixed to the directions.

H. EASTMAN, Proprietor.
The above medicine for sale by Messrs. O. Williams & Co. and Doct. Conant, Maumee City; Peck & Griswold, Perryburg, and Messrs. Erastus Roys & Co. Toledo.

BALDNESS.
A BEAUTIFUL head of Hair is the grandest ornament belonging to the human frame. How strangely the loss of it changes the countenance, and prematurely brings on the appearance of old age, which causes many to recoil at being uncovered, and sometimes even shun society to avoid the jests and sneers of their acquaintance; the remainder of their lives is consequently spent in retirement. In short, not even the loss of property fills the generous thinking youth with that heavy sinking gloom as does the loss of his hair. To avert all these unpleasant circumstances, **OLDRIDGE'S BALM OF COLUMBIA** stops the hair from falling off on the first application, and a few bottles restores it again. It likewise produces eyebrows and whiskers; prevents the hair from turning gray, makes it curl beautifully, and frees it from scurf. Numerous certificates of the first respectability in support of the virtues of Oldridge's Balm are shown by the proprietors.

Read the following.
ROBERT WHARTON, Esq. late Mayor of Philadelphia, has certified, as may be seen below, to the high character of the following gentlemen:

The undersigned does hereby certify that we have used the Balm of Columbia discovered by J. Oldridge, and have found it highly serviceable, not only as a preventive against the falling off of hair, but also a certain restorative.
WM. THATCHER, Sen.
Methodist Minister, in St. George church, JOHN P. INGLIS, 431 Arch st.
JOHN D. THOMAS, M. D. 123 Race st.
JOHN S. FURRY, 141 Spruce st.
HUGH McCURDY, 204 South 7th st.
JOHN GAIRD, Jr. 123 Arch st.

It will certainly raise its virtues in the estimation of the public, when it is known that three of the above signers are more than 50 years of age, and the others not less than 30.
[From the Mayor.]
Commonwealth of Pennsylvania,
City of Philadelphia,

I, ROBERT WHARTON, Mayor of said city of Philadelphia, do hereby certify that I am well acquainted with J. P. Inglis, John S. Furry, and Hugh McCurdy, whose names are signed to the above certificate, and they are gentlemen of character and respectability, and as such full credit should be given to the said certificate.

In witness whereof, I have hereunto set my hand, and caused the seal of the city to be affixed this sixth day of December, 1838.

ROBERT WHARTON, Mayor.
CAUTION.—Observe that each bottle of the genuine Balm has a splendid engraved wrapper, on which is represented the Falls of Niagara, the agent's name, &c.

To Editors, &c.—All country papers who will insert the above once a week 6 months, and send one number to the agents, shall be entitled to one dozen of Balm.

Sole wholesale and retail by **COMSTOCK & Co.** Sole agents for America, 2 Fletcher street, near Maiden Lane, one door below Pearl st. New York; and by one or more druggists in nearly every town in the Union. For sale at every Druggist store in this city. 23rd

SALA'S VEGETABLE ELIXIR.

PREPARED solely from vegetables, by John Sala, Canton Ohio. Price \$7, 50 per bottle.

As an internal remedy this medicine stands unrivalled. Its fame and virtues are sufficiently established, by the many and important cures it has performed, in the short period it has been in use. In marshy districts where fevers more commonly prevail, its use will prevent their recurrence, and give to the system a general healthy action. The quantity to be taken, should be regulated so as to produce a free and regular discharge from the bowels, which will give tone and activity to the stomach, and enable it to resist and reject all bilious collection, and at the same time restore a proper and healthy secretion. It will arouse the inactivity of the liver, when affected, and restore to its wonted healthful condition. As a family medicine, when a purge is necessary for any disease, nothing will be found better adapted to the system, than this Elixir. It purifies the blood, without debilitating the stomach or bowels; while it is perfectly mild and harmless in its operations.

This medicine may be taken with perfect safety by all ages in all diseases: its cures are for the following diseases:—Dyspepsia, Loss of Appetite, Indigestion, Consumption, Coughs, Dropsy, Heartburn, Diarrhea, Cholera, Jaundice, Palpitation of the Heart, Affection of the Liver and the Skin, and all diseases arising from Impure Blood, &c. and where there is any irregularity, arising from debility, it will be found an invaluable medicine.

To each bottle will be attached a label bearing the signature of the proprietor, without which none are genuine.

JOHN SALA.
CERTIFICATES.—The following testimonials are a few of the many that might be presented to the Public.

From the Rev. E. Birkett, of the Pittsburgh Conference.

Mr. J. Sala, Dear Sir:—I have given your "Vegetable Elixir," a fair trial, and cheerfully give my testimony to its value in cases of Cramp, Cholera, and in Chronic affections of the internal viscera. I have been for more than two years severely afflicted with an infection of the diaphragm, which at times would cause derangement of the functions of nature, and complete prostration of strength. I had also frequent attacks of cholera; some of them so severe that life itself appeared to be in danger; but by the use of your excellent medicine I find my chronic symptoms much relieved, and am almost entirely free from those excruciating attacks of cholera; and I hope by perseverance in its use to obtain a perfect cure. I have tried various medicines, and am prepared to say, that in all such cases, I am satisfied it will be found superior to any medicine now before the public.

Yours, &c. **E. BIRKETT.**
Canton, Aug. 16, 1836.

Extract of a letter from the Rev. A. Billings, of the Michigan Conference, dated Farmington Aug. 2, 1838.
"Mr. Sala:—I have used two bottles of your "Vegetable Elixir," and am satisfied that I have derived more benefit from its use, than from all the medicine I have used for many years. I have been for many years afflicted with the Bilious affection.—My health is good, and I expect to travel next year. I hope you will find extensive sales."

"I, the undersigned, to certify to the public, that I have used Sala's Vegetable Elixir, for a lingering complaint, called, by some of the most eminent physicians, the Erysipelas, and a weakness of the body. I have used six bottles of Sala's Vegetable Elixir, and can assure the public that I have not felt as well for the last four years as at present, and am now at labor again. I would recommend it as a valuable medicine to the afflicted."

JACOB ROWLAND.
Canton, June 2, 1836.

I do hereby certify, that my wife has been afflicted for the last twelve years with a severe pain in her head, side, and back,—that she has used but one bottle of Sala's Vegetable Elixir, and the complaint has been perfectly removed. I recommend it as a valuable medicine to the afflicted.

PETER BURGER.
Canton, June 1, 1838.

I hereby certify, that having been for many years severely afflicted with the Liver complaint, in so much that I began to despair of recovering, as I had received all the aid that several Physicians could give, and finding myself no better, I tried one bottle of Sala's German Vegetable Elixir, and find myself, to my utter astonishment, perfectly restored, so that I am now able to perform a full day's work on my farm, after having been unable to perform the same for three years before.—Although I paid, during that time, quite an amount of money to the physicians, without receiving any benefit.

JOHN SHIVELY.
Canton, June 2, 1838.

I certify, that I was afflicted with the Dyspepsia, and a pain in my stomach, and by using one bottle of Sala's Vegetable Elixir, I felt myself perfectly relieved.

JACOB REX.
Canton, June 2, 1838.

Mr. Sala:—This is to certify that I had a very severe cough last winter, and was reduced to a very low stage, after obtaining all medical aid to no purpose, I was advised to try a bottle of your Vegetable Elixir, which I did, and in two weeks I was able to go to work, and fully believe it to be one of the best medicines before the public for cough, breast complaints, and general debility. Your well wisher,
JOHN WILLIAMS.
Bedford, C. May 2, 1838.

We the subscribers, citizens of Stark Co. Ohio, hereby certify that we have been in the habit of occasionally using in our families the Vegetable Elixir, prepared by John Sala, Canton Ohio, and have uniformly derived much benefit from its use. In rheumatism, cholera, derangement of the stomach, true worms, &c. &c. we have never found a medicine which allowed more effect so soon and so certainly. We therefore cheerfully recommend this valuable family medicine to the public in general, but to our suffering fellow-citizens in particular, in order that they may give it a trial.
